Head of School Message

This week we had another wonderful afternoon at the farm exploring the orchard.
We learnt about how trees respond and recover to stressors in their environment such as the long hot Summer, we've had and storm Goretti. We collected sticks to make journey webs. These were used to collate signs of Autumn we spotted as we walked through the farm. We found a tree over 100 years old. It was so wide it took our entire class linking arms to reach right around its circumference! Thank you **Cornish Camels** for another memorable educational experience right on our doorstep.

We are looking forward to our harvest celebration in the church on Thursday and of course our tea party on Friday to celebrate 150 years of Coverack school. Members of the wider community are all welcome to come and help us celebrate. The children will be making sandwiches, but any offerings of savoury snacks or cake would be welcome. There will be trestle table set up on the field for all to enjoy.

Do remember to book a slot for your child's parents meeting next week on Monday, Tuesday or Wednesday.

The children have had a fabulous half term. We are so lucky to be part of such a unique and special community. Thank you for all your support.

Have a lovely weekend,

Jane Talbot
